Red Congress  
Takes Slap At  
United States

By United Press  
Russia's 18th Communist party congress has opened in Moscow with a double-barreled charge that the United States is planning to launch a third global war in an effort to rule the world.

The charge came from vice premier Molotov, who made the opening address and Georgi Malenkov, another high-ranking politician member who keynoted the session in a four-hour speech.

Malenkov also declared that the Communist party is leading a struggle for Communism in Russia, and there is no force in the world which can halt our progress.

Malenkov's words, however, referred to the building of Communism within Russia—not outside it.

Malenkov pulled off his diplomatic gloves in his lambasting of American foreign policy. He accused the US of flogging the other western states toward war, building military bases around the Russia and setting up what he called Hitlerite "fact" regime in its own country.

He went on to pledge that Russia would try to get along peacefully with the capitalist nations but would "beat them again" if he put it, if "they dare attack our motherland."

His address, before 1500 delegates, lasted into the early hours this morning. It was a signal honor for him to give the keynote speech, usually delivered by Premier Stalin who, this time, sat apart on the platform with cupped chin, listening intently.

Molotov gave a much shorter speech, but his theme was the same. The western powers are arming themselves "even further," he said, "fanning up war hysteria and carrying out preparations for launching a world war."

All in all, it was one of the longest and sharpest verbal attacks ever made on the west by top Soviet diplomats.

In the same breath, both men hailed the Soviet and its five-year plan, which the congress will officially adopt in the next several days of its session. And they brought up again the Marxist claim that Communist and capitalist can live side by side if they want to.

As for production, Malenkov said it has increased 12 times during the past 23 years in Russia, while in the United States during that time it went on to picture America as a country of "improvised working people" including "three-million unemployed and 10-million semi-employed."

Yanks Even  
Series Score

BROOKLYN, Oct. 6.—It was a warm sun bathed the Dodgers' field in Brooklyn this afternoon as they took their first world championship series game against the Yankees.

Yankees, trailing Brooklyn victories to three, were just determined not to lose their first series since the St. Louis Cardinals best them in 1942.

Another sell out crowd, close to 34,000 was expected. The fans came early to watch the teams run through batting and infield practice. And most of the seats were filled by the time the two right-handers, young Billy Loes for Brooklyn and veteran Vic Raschi for New York, began warming up.

For Loes, it was his first World Series start. The young right-hander from Long Island City, New York, won 13 games and lost 8 during regular season play, then appeared briefly in the Dodgers' second game World Series loss.

Raschi, who won 16 and lost six during the season, was making his second series start this year. The 33-year old right-hander pitched a three-hitter to win the second game at Ebbets Field.

Both managers made changes in their starting lineups. Chuck Dressen of Brooklyn was forced to insert George Shuba in left field in place of Andy Pafko. Andy pulled a leg muscle in yesterday's game and was unable to start today.

Manager Casey Stengel of the Yankees made his change to get more batting power into the lineup. He benched Hank Bauer, who has been a hitting disappointment in the series and sent Irv Noren to right field.

Now, here are the lineups for the sixth game. For the Dodgers, third baseman Billy Cox led off with shortstop Peeewe Reese batting second and centerfielder Duke Snider third. Second baseman Jackie Robinson was in the cleanup slot followed by Shuba in left field and catcher Roy Campanella.

First baseman Gil Hodges—still looking for his first hit of the series, was seventh with right fielder Carl Furillo eighth and pitcher Loes ninth.

The Yankees led off with third baseman Gil McDougald. He was followed by shortstop Phil Rizzuto and centerfielder Mickey Mantle.

Veteran Johnny Mize, the 39-year old first baseman, who has hit three homers in the series and narrowly missed another, batted fourth. Catcher Arny Berra hit fifth, with left fielder Gene Woodling sixth. Right fielder Noren, seventh, second baseman Billy Martin, eighth and Raschi ninth.

**First Inning**  
Loes and Raschi pitched scoreless ball the first inning although the Dodgers got the first hit of the game. McDougald bounced out to Cox to open the Yankees' inning. Snider popped to Reese. Mantle walked and Mize lined out to Snider. Cox led off with a double for the Dodgers and stayed on second while Reese popped out to Berra in front of the plate. Snider walked and took second when Robinson hit a grounder to McDougald for an unassisted force out on Cox at third base. Shuba bounced out to Martin to end the inning.

**Second Inning**  
The second inning was scoreless as each pitcher struck out two men and allowed one hit. Berra popped out to Reese and Woodling lined a single to right center for the Yankees' first hit. Loes then struck out Noren and Martin. Campanella bounced out to Rizzuto and Hodges fanned. Furillo got the second Dodger hit—a single to left—but Raschi struck out Loes on three pitches to retire the side.

**Third Inning**  
Both sides went down in order in the third inning. Raschi hit back to Loes who deflected the ball to Reese, who threw to Hodges. McDougald fouled out to Campanella in front of the Yankee dugout and Rizzuto skied to center. Cox bounced out to McDougald. Reese flied to Woodling and Martin threw out Snider.

**Fourth Inning**  
Raschi boosted his strike out total to five as the scoreless tie held through the fourth inning. Mantle tried a bunt, but popped out to Robinson. Mize walked but was forced at second. Robinson to Reese on Berra's grounder. Berra went to second when Reese threw wide to first in an attempt to get Continued On Page Two

Theatre Will  
Come To  
Murray Soon

The Barter Theatre of Virginia, first professional theater company to appear at Murray State since before World War II, will present Shakespeare's "The Merchant of Venice" in the college auditorium on November 11.

The Barter group will present an afternoon performance of the play open only to high school students, and an evening performance for other theater goers.

The Murray State appearance is a part of the company's nationwide twentieth anniversary tour. Other performances scheduled during the tour include appearances at the University of Texas, the University of California, and the University of Denver.

"The Merchant of Venice," opening three days after the closing of "Claudia," the first play of the season by the Murray State Theater, is sponsored by Sock and Buskin, MSC drama society. "The Merchant of Venice" is brought to Murray State by Prof. W. J. Robertson, college drama director.

Woodrow Romoff and Patricia O'Connell of the Barter Theatre will star in the November 11 play. It will be produced and directed by Robert Portfield and Margaret Perry.

Tickets for "The Merchant of Venice" will go on sale in the Murray State Library basement and in the Fine Arts Building, November 3. Tickets will also be on sale at the door, November 11.

Miller Issues  
Democrat Call

Robert O. Miller, Calloway Democratic campaign chairman today issued a call for a joint meeting of the men and women's organization for tonight at 8:00 p. m. The meeting will be held at the Murray City Hall.

Miller explained this morning that the meeting was open to anyone interested in the coming election. Plans for increasing general interest in the parties will be discussed.

Mrs. C. J. McDewitt and Mrs. C. C. Farmer as co-chairmen of the women's division of the organization have issued appeals to all interested women to appear and voice opinions at the meeting.

It's A Big Question In Wisconsin As To Who's  
Helping Who In Eisenhower-McCarthy Show

By George J. Marder  
Of The United Press

The Eisenhower-McCarthy two-star show in Milwaukee last week raised the question of who's helping who in Wisconsin.

In Senator McCarthy taking a free ride on the Eisenhower popularity wagon? Or is the Republican candidate for president linking his Wisconsin star to the McCarthy bandwagon?

The political facts in Wisconsin are such that McCarthy doesn't seem to need help from the National ticket to win re-election. He came through with a whooping victory in the primaries, pulling a vote greater than all his GOP opponents and the Democratic candidates combined.

But more than that, Wisconsin districts also are preponderantly Republican. In 1950, for example, Wisconsin sent nine Republicans and a lone Democrat to the United States House of Representatives.

Yet while McCarthy seems way out ahead in his election bid, the GOP national ticket actually needs helpful boosts to get Wisconsin's 12 electoral votes for president.

For the state on occasions has gone for Democratic presidential candidates even while it was electing Republican Congressmen. In 1940, Roosevelt carried the state but only by one of the closest margins in its history—less than one percent of the total votes cast. The following presidential election year, Wisconsin returned to the Republican fold.

But in 1948, Mr. Truman recaptured the 12 electoral votes for the Democratic party. It was one of those surprises of 1948 which From then on, it's been all Re-

Doctors Work With  
Tiniest Baby

By United Press  
Doctors at a Chicago hospital are being very careful with the tiniest patient they've ever had.

It's a baby boy—born at two o'clock (CST) yesterday morning. Doctors think he weighs less than one pound—although they can't be sure, because they are afraid moving him to a scale might be harmful.

The baby was born three months prematurely. A doctor gave him artificial respiration by squeezing him gently with his thumb and index finger while he was hurried to an incubator.

The smallest baby ever to survive weighed 12 ounces at birth. She is Jacqueline Benson, born in Chicago in 1938. Jacqueline now is a healthy and completely normal child.

DEMOCRATIC CHARGE  
PURE BUNK SAYS IKE

By United Press  
Dwight Eisenhower has repeated his statement that President Truman is firing at him with blanks and that he can take it because he has been shot at by real artillery. Speaking in Spokane, Washington, Eisenhower also said the Truman charge that the Republicans would put an end to dam building and reclamation projects if they were in power is "pure bunk."

He said the Republicans would continue reclamation projects "guided by local wisdom." Vice presidential candidate Richard Nixon's campaign train swung into Massachusetts today. Nixon says: "No one has stooped as low as Truman in his attack on Eisenhower."

Democratic presidential candidate Adlai Stevenson starts a 14,450 mile tour of the nation tomorrow that will keep him on the go almost continuously until election day. He flies to Saginaw, Michigan, tomorrow, and then on to Detroit, where he will make a major speech on Communism both at home and abroad tomorrow night.

Tom Lonardo  
On Lion Show

Tom Lonardo, prominent orchestra leader, television performer, and entertainer will be a guest star on tonight's show, "Lion-A-Mite," at the Murray High auditorium at 7:30 p.m.

Mr. Lonardo, a resident of Paris, Tenn., is the only out-of-town talent to be used in the Lion's Minstrel show this year.

The versatile band leader is a former member of Local 802, one of the finest musicians' local in the world. He has played with many of this country's finest instrumentalists both in the Army and as a civilian. He has appeared professionally before a number of radio audiences. Recently he did a "guest-shot" over WSM TV station.

The maestro of Tom Lonardo and his Orchestra has an outstanding musical group which he has led for almost two years. One of Tom's pet memories is the fact that he played while Tennessee's Governor Browning sang the "Tennessee Waltz."

Tom is a "bass-man" extraordinary. He is a home with a slap-bass, arco-bass or as a pizzicato-bass. Anyhow he will be first bass with his audience when they see him perform "Big Noise From Winnetka." This number is done by means of a special luminous paint on his hands and an expensive blue light. It will thrill spectators with its color and artistry.

After the show tonight you'll see why they call Lonardo's band, "Tops in Dancing and Listening Pleasure."

**Homemakers  
Begin New  
Major Project**

The first of six lessons on home furnishings was given to major project leaders of Homemakers Clubs Thursday, October 2, in the library of Murray State College.

"Combination Room" was the subject studied by the leaders under the direction of Miss Venetia Lovelady, home furnishings specialist from the University of Kentucky. The discussion and demonstration included the selection and use of color, pattern and texture for an attractive inviting room. Leaders will give the lesson at the October meeting of their Homemakers Club. In November the lesson will be "Window Treatment."

Leaders present were Mrs. Edd Alton, Mrs. Glen Kelso, East Hazel Club; Mrs. Edwin Thurmond, Mrs. Ollis Adair, East Side; Mrs. Newman Ernestberger, Mrs. Iyan Jones, Dexter; Mrs. Marvin Parks, Mrs. Bill Wraith, Morris Grove; Mrs. Opal Housen, Kirskey; Mrs. Harlan Kemp, Mrs. Leon Chambers, Lynn Grove; Mrs. Robert Farris, Mrs. Marvin Winchester, New Concord; Mrs. Fred Gingles, Mrs. Greene Wilson, North Murray; Mrs. Pat Thompson, Mrs. Dave Burken, Paris Road; Mrs. Wayne Hardie, Mrs. Harmon Ross, Penny; Mrs. Hester Brown, Mrs. Ermine Hays, Pleasant Grove; Mrs. Lowry Parker, Pittsboro; Mrs. Thomas Lee Armstrong, Mrs. C. **Cool Weather Spreads  
Across Nation**

NEW YORK Oct. 6 (UP)—Unseasonably cool weather spread across the nation from the Rocky mountains to the Appalachians today.

The rest of the country has fair weather, except for showers in northeast Texas and southern Florida. Temperatures rise in the 70's and 80's from the Cape Cod area southward along the eastern coast to northern Florida. Temperatures reached the 90's in the far south west, while the northern Pacific states report mild weather.

A narrow band of rain will extend along the eastern section of the nation tomorrow—extending from New England southward through the middle Atlantic states and the Carolinas to southern Florida.

Five Car  
Crack-Up Is  
Reported

A five car smashup brought in five to four people last night at 8:45 about three miles South of Murray on the Hazel highway.

The incident occurred as the show ended at the 85 Drive-In theatre.

According to those involved in the accident a brown car caused the wrecks as it speeded past several cars and dodged in and out of the traffic line.

The car appeared to be stopping then turned left into a side road. The uncertain actions of the driver of the car caused Mr. Joel Jackson of Dexter to apply his brakes. Edgar Downey of Murray in a 1940 Chevrolet crashed into the rear of his car. Oren L. Hull of Murray in a 1940 Chevrolet crashed into the rear of the Downey car. Cody Russell of Murray in a 1938 Plymouth was next in line, with Ralph Harris behind him in a 1938 Dodge.

Mr. and Mrs. Russell Kuykendall brought Mr. and Mrs. Russell into the Murray Hospital where they were treated for cuts. Mrs. Harris and small son were also taken to the hospital where she was treated for an injured left foot and the little boy was treated for teeth injuries.

All automobiles of the crack-up were damaged, some of them considerably.

State Police Corporal Brigham Futrell attended the accident.

Col. Futrell reported another accident that occurred on Sunday at 5:45 p.m. Jimmy Carter of Paducah was in a 1946 Ford and J. P. King of Murray was driving a 1947 Pontiac, with both going North on North Fourth street.

King was signaling to turn into Pine street as Carter started to pass.

The front part of Mr. King's automobile was damaged. Carter's car was also damaged on the right front.

**Band, Thoroughbreds,  
And Fight Pictures  
Tonight At Variety**

The Variety Theatre will have a program tonight on the stage which will include the Murray State College band under the direction of Prof. Richard Farrell.

Coach Fred Faury will present the Murray State Thoroughbreds, who have won three out of the past four Ohio Valley Conference championships.

Troy Glidewell will act as "MC" of the program. On the screen will be a close up view of the Jersey Joe Walcott and Rocky Marciano world heavyweight championship fight.

Feature picture for the night tonight will be Pat and Mike, starring Spencer Tracy and Katherine Hepburn.

Frank Lancaster, manager of the theatre, said that the fight pictures are the official films of the fight and show the fight exactly as it happened.

He promises those who attend tonight and entertaining night with a good production both on the stage and on the screen.

**Inquiring  
Reporter**

QUESTION:  
If you, as a citizen of Murray, should see a motorist speeding, and it were possible to identify the motorist or get his license number, would you sign an affidavit for a warrant of arrest for said motorist?

ANSWER: Yes, I think I would. I have a little boy and I am always afraid that the kids will get run over along the highway.

ANSWER: Yes, I think I would. There are so many children that are in danger of getting run over along the streets. I think they need slowing down a bit.

ANSWER: Yes, I think so. I think they could stand to be slowed down.

ANSWER: No, I don't think so. I know you are supposed to but I don't like to be a tattletale.

## Parilli Passes Packers To 35-20 Victory

MILWAUKEE, Oct. 5 (UPI)—Rookie quarterback Babe Parilli ran and passed the Green Bay Packers to a 35-20 win over the Washington Redskins in a football game at Milwaukee. The former Kentucky All-American threw two touchdowns passes and threw a lateral to halfback Floyd Reid for another tally.

Parilli got Green Bay into a quick first period lead on a short pass to end Bill Howten, who ran 90 yards to score six minutes later. Washington tied it up on

## SPORTS LINEUP

Cloudy weather with temperatures in the 60's is the forecast for the first game of the World Series moved back to Brooklyn for the sixth and possibly deciding game. The Dodgers went ahead three games to two yesterday with an 11-inning, 6-5 victory.

Dodger Manager Charley Dressen is slated to send Billy Loes out after the victory that could bring Brooklyn its first world championship. The Yankees went counter with Right Hander Vic Raschi. It will be the first series start for Loes, while Raschi will be trying to duplicate his victory in the second game.

Yesterday's final game in Yankee Stadium kept 70,000 fans on the edges of their seats all the way. Carl Erskine wound up with the victory over Johnny Sain, despite a shaky fifth inning in which he yielded Johnny Mize his third series homer, this time with two on. Two singles and Duke Snider's double won it for the Dodgers in the 11th.

The weekly post mortems for both winners and losers is in full blast on most college grid-campuses today. After rehearsing Saturday's mistakes, the teams begin preparations for a weekend which includes such top games as Wisconsin-Ohio State, Texas-Oklahoma and California-Oregon.

Other big games coming up are Michigan State and Texas A and M, Maryland and Georgia, Illinois and Washington, Princeton and Penn, and Stanford-Oregon State.

The battle for the pro football championship looks more than ever like a wide-open scramble today. The San Francisco 49ers remain on the unbeaten list following yesterday's 37-14 win over the Dallas Texans, while Green Bay and the Chicago Cards are on record with a winning punch.

Green Bay beat Washington 35-20 while the Cardinals downed the Chicago Bears 21-10.

The Metropolitan Jockey Club kicks off its 12-day stand at Jamaica today with the 20,000 Interborough Handicap. A field of 11 has been entered for the six furlong race, with r Ambrose Clark's veteran "Tea Maker" slated to carry top weight of 124 pounds.

Coch Bob Farris of Logansport, Indiana, high school is a man who's going to have unity on his team—or else. Farris kicked 12 seniors off the Logansport squad yesterday because they couldn't get along with his star fullback. Then, just to make sure, he also gave the fullback the boot. "We'll love some games," says Farris, "but at least we'll all be going in one direction."

The agriculture department has announced two tobacco referendums—farmers will be asked to decide whether they want production and marketing controls for the 1953 crop.

These referendums involve cigar filler and binder tobacco types, relatively small part of the nation's tobacco crop.

Balloting in both referendums has been scheduled for October 20. One will be held for growers of types forty-two through forty-five and fifty-two through fifty-five. The other referendum covers the Indiana, Iowa, Massachusetts, Minnesota, New York, Ohio, Pennsylvania and Wisconsin.

A referendum for growers of type forty-one cigar filler in Pennsylvania will be held in that state only.

In both cases, two-thirds of the growers must approve if quotas are to take effect. Unless they do approve, the government will not put price support props under their crops.

The agriculture department reports stocks and prices of dried milk are at high levels.

The most recent complete figures available give the picture for August. Selling prices in that month were at their highest level in history, and production was the highest for the month since 1949.

The agriculture department has turned down proposals for higher producer prices in the New York City area.

Milk marketing in that order is governed by a federal milk marketing order. Two producer groups have asked USDA to call a hearing to consider raising prices because of increased expenses.

The department has been approving such requests in most other areas in the New York case, however, officials say their investigation shows no need for higher prices.

a double play. Woodling flied to Cox who threw to Hodges. Hodges struck out for the third straight time and Furillo grounded to Mize who made the play unassisted.

Loes singled to right and stole second with the count three and one on Cox. Raschi struck out Cox for his ninth strike out of the game.

The Yankees made it 3-1 in the top of the eighth, on Mantle's home run. But Snider hit his second straight homer to cut the margin to 3-2. Mantle led off with his homer and Mize popped out to Hodges. Berra flied to center, but took second on a single by Noren. Martin rolled out to Cox to end the inning. Joe Collins replaced Mize at first base for the Yankees and took Rizzuto's throw to retire Reese. Snider homered to center field off Raschi.

Robison flied deep to Woodling. Shuba doubled to left center and Alie Reynolds replaced Raschi. Dressen sent rookie Sandy Amoros in to run for Shuba. Reynolds struck out Campanella to end the threat.

Ninth Inning  
Johnny Holmes went to left field for the Dodgers in the ninth. Reynolds bounced out. Loes to Hodges. McDougald beat out a slow roller down the third base line for a single and Rizzuto sent him to third with a single to left. Veteran Preacher Roe took over for Loes as Mantle came up.

Mantle walked on four pitches to load the bases. Collins struck out on a 3-2 pitch. Berra flied to Furillo to end the threat.

Hodges was replaced by Rocky Nelson who popped out. Parko hit for the pitcher Roe and was walked. Billy Cox popped out for the second out and Peeewe Reese struck out to retire the side leaving Andy Parko on first with the tying run.

## Animal Feed Will Be Estimated

By United Press  
The American feed manufacturers association says it will soon have a reliable estimate of animal and poultry feeding during the 1952-53 season.

The association's feed survey committee—representatives of twenty-three agricultural colleges—will meet in Chicago next month to estimate the amount of feed available for the season.

This group will study all the available figures. Then it will forecast total feed supplies, and the amount of feed that'll be used for each class of livestock and poultry.

USDA officials have recommended a new import fee on wool—an extra sixteen-and-a-half cents a pound.

The recommendation was handed to the federal tariff commission in a hearing that opened yesterday. The session resumes this morning and may continue for another day or two.

Agriculture department spokesmen say foreign wool is underselling domestic wool in this country. This freezes the American crop, and forces much of it into government loan—USDA is supporting wool at ninety percent of parity.

The association's feed survey committee—representatives of twenty-three agricultural colleges—will meet in Chicago next month to estimate the amount of feed available for the season.

This group will study all the available figures. Then it will forecast total feed supplies, and the amount of feed that'll be used for each class of livestock and poultry.

USDA officials have recommended a new import fee on wool—an extra sixteen-and-a-half cents a pound.

The recommendation was handed to the federal tariff commission in a hearing that opened yesterday. The session resumes this morning and may continue for another day or two.

Agriculture department spokesmen say foreign wool is underselling domestic wool in this country. This freezes the American crop, and forces much of it into government loan—USDA is supporting wool at ninety percent of parity.

## Nearing Peak Of Diseases In Livestock

By United Press  
Veterinary leaders say the nation appears to be heading into a period of peak danger from livestock diseases.

The forecast came at Chicago during a meeting of the American veterinary medical association.

Experts pointed to recent outbreaks of vesicular exanthema in hogs—the so-called "ear drop" disease in poultry—new outbreaks of anthrax in hogs—a cattle disease called anaplasmosis which has become a problem in Northern states.

All these and others have taken rising tolls in livestock, and poultry herds and flocks.

One official says, "the livestock industry has seldom been faced with as great an assortment of threatening contagious diseases as these have been on the increase during the past two or three years."

He goes on to say, "not all these diseases are new—but even the old ones have at least developed some new angles."

The agriculture department has announced two tobacco referendums—farmers will be asked to decide whether they want production and marketing controls for the 1953 crop.

These referendums involve cigar filler and binder tobacco types, relatively small part of the nation's tobacco crop.

Balloting in both referendums has been scheduled for October 20. One will be held for growers of types forty-two through forty-five and fifty-two through fifty-five. The other referendum covers the Indiana, Iowa, Massachusetts, Minnesota, New York, Ohio, Pennsylvania and Wisconsin.

A referendum for growers of type forty-one cigar filler in Pennsylvania will be held in that state only.

In both cases, two-thirds of the growers must approve if quotas are to take effect. Unless they do approve, the government will not put price support props under their crops.

The agriculture department reports stocks and prices of dried milk are at high levels.

The most recent complete figures available give the picture for August. Selling prices in that month were at their highest level in history, and production was the highest for the month since 1949.

The agriculture department has turned down proposals for higher producer prices in the New York City area.

Milk marketing in that order is governed by a federal milk marketing order. Two producer groups have asked USDA to call a hearing to consider raising prices because of increased expenses.

The department has been approving such requests in most other areas in the New York case, however, officials say their investigation shows no need for higher prices.

## NOSE, THROAT, and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

### Murrayans Attend First District KFWC Meeting At The Kentucky Dam Village

Mrs. L. D. Thompson of Monticello, president of the Kentucky Federation of Women's Clubs, addressed approximately 150 women at the meeting of the First District of the KFWC at Kentucky Dam Village Thursday.

Mrs. Thompson was introduced by Mrs. L. D. Chippis, district governor, from Marion.

Mrs. Thompson reviewed the scope of the General Federation of Women's Clubs, and pointed out that First District is a part of the world's largest women's organization made up of more than 15,000 clubs in the U. S. and abroad.

"Through united effort, the KFWC has brought about better labor conditions, vocational training, and better prison conditions," Mrs. Thompson stated. "It has also worked to encourage international arbitration of disputes, forest and land conservation, and is responsible for four-fifths of all the nation's libraries," she said.

Mrs. Thompson pointed out that American club women represent democracy at the "grass-roots level" and urged concentration on improving and developing women's power for increased service to the family and community.

She noted that our freedoms will be lost one by one by failing to exercise our privilege to vote at the polls for what we believe in.

Mrs. Thompson installed the following newly elected district officers: Mrs. L. L. Phillips, Mayfield, vice governor; Mrs. Richard Moss, La Center, recording secretary; Mrs. Alvin Austin, Benton, district representative for junior clubs.

Mrs. R. W. Farrell of Murray, director of the district music contest announced that it would be held in the spring and urged all young musicians in the area to participate.

Mrs. Joseph Page of Barlow, past president of the KFWC and a General Federation board member spoke on our "American Heritage."

Mrs. Robert C. Cherry, of Paducah, KFWC chairman of kindergarten extension urged all clubs to publicize the value of kindergarten education and work to provide new kindergartens where the need exists.

Mrs. E. V. Welby, of Paducah, reviewed the plans of the KFWC art chairman, Mrs. John Cooney of Fort Thomas, and urged district clubs to promote an appreciation of art in the communities.

The Bardwell Woman's Club was awarded first prize for its club report. The Bardwell Woman's Club and the Paducah Junior Women's Club were runners-up.

**Unusual Treatment Of Walls Shown**

Some unusual wall treatments were on display at the national home-furnishings exhibition in New York.

One decorator in a room supposed to be keyed to the personality of Jinx Falkenburg—used red nylon mesh, tacked—very tight—across a white plaster wall and also used as draperies.

Another room, this one to show off carpeting, used some cuts of cotton carpeting on the wall. The carpet cut-outs are placed polka dot fashion.
